

# PRESS RELEASE

## **A Fresh New Look for Brookfield Hotel**

The Brookfield Hotel in Emsworth has offered stylish accommodation to tourists for many years, as the ideal base to explore the South Coast. Fast becoming the hub of local activity and events, Emsworth has been described as 'a corner of God's paradise'.

Established in 1972 and originally built as two substantial residential properties, the hotel has been extensively re-developed and extended over time. The site is now undergoing a further full refurbishment to pursue its status as a leading destination resort. The Brookfield Hotel's new look will place it on the map as a must-visit hotel in Hampshire, also offering easy access to and from London from Havant station a few miles away.

Management at Brookfield Hotel have appointed the Hotel Clearance Company to conduct the comprehensive clear and re-sale of all of the hotel items. The Hotel Clearance Company are committed to responsible and sustainable refurbishment, meaning that all items from the clearance will find new homes or be recycled. Zero landfill, no exceptions.

Sales items from Brookfield Hotel, including 44 exquisite bedrooms, extensive food and beverage range and public area items are available to purchase via public auction which is now live at Pro Auction.
